The Unit for Disabled Passengers

Within London Transport, the Unit for Disabled Passengers focuses on the travel needs of elderly and disabled passengers and those who are travelling with children or heavy luggage.

It is associated with several bus services tailored to the needs of those passengers, all of which are accessible by wheelchair users:-

Mobility Buses

A London-wide range of services linking residential areas to shopping centres within and beyond the immediate locality.

Stationlink

A circular bus route connecting the major mainline rail termini in central London. At Victoria Coach Station and Euston it connects with .....

Airbus

Fast and frequent buses connecting all the Heathrow Airport termini with Central London.

Low-floor buses

Buses which 'kneel' at bus stops and provide easy access to disabled and encumbered passengers.

To explain these and other services including the Underground and Docklands Light Railway, a range of guides, maps and tapes is available from the Unit at the address given below. These publications include large print Central London bus and Underground maps together with a guide to the accessibility of all Underground stations.

Mobility Buses

Barnet, Enfield, Hackney, Haringey, Islington, Newham, and Waltham Forest.

Fully accessible bus services.

New services start
16th December 1995

Operated by **Lea Valley**
for London Transport Buses

Mobility Bus services - accessible to everyone

Mobility Bus services are planned to make bus travel easier for elderly people and people with disabilities, those with small children and pushchairs, and generally less agile passengers.

Routes

In this booklet you will find full details and timetables for the new and existing services, together with two maps of the network.

Your local shopping centres

Each of the routes visits a number of local shopping centres and many serve town centres.

The network has been carefully designed to give as many residents as possible a service at least once a week to their major local shopping centre.

Wheelchair facilities

The bus has a rear entrance that incorporates a lift, and there's space inside for up to four people in wheelchairs, as well as seats for other disabled and able bodied people.

Fares

Cash fares are charged, at about the same level as on other local buses. You can also use London Boroughs' Elderly and Disabled Persons' Permits on these services and Bus Passes and Travelcards valid for the Fare Zones being travelled through.

Stops

Mobility Buses serve the same stops as other bus services when travelling on the same roads.

On other roads they pick up and drop off passengers on request anywhere along the route (as long as it is safe to do so).

Private Hire

On most evenings and weekends Mobility Buses are available for local hire by private groups and other organisations.

For details ring Lea Valley on 01992 444444 during office hours on Mondays to Fridays.

Comments and suggestions

Mobility Buses are your service. Please use them and mention them to your friends, relatives or neighbours.

If you have any comments regarding this service please contact:

The Unit for Disabled Passengers
London Transport
172 Buckingham Palace Road
London SW1W 9TN

0171-918 3312 (telephone and minicom)

We do all we can to run the services shown, but circumstances beyond our control mean that we may not always succeed.

ENFIELD Shop Mobility

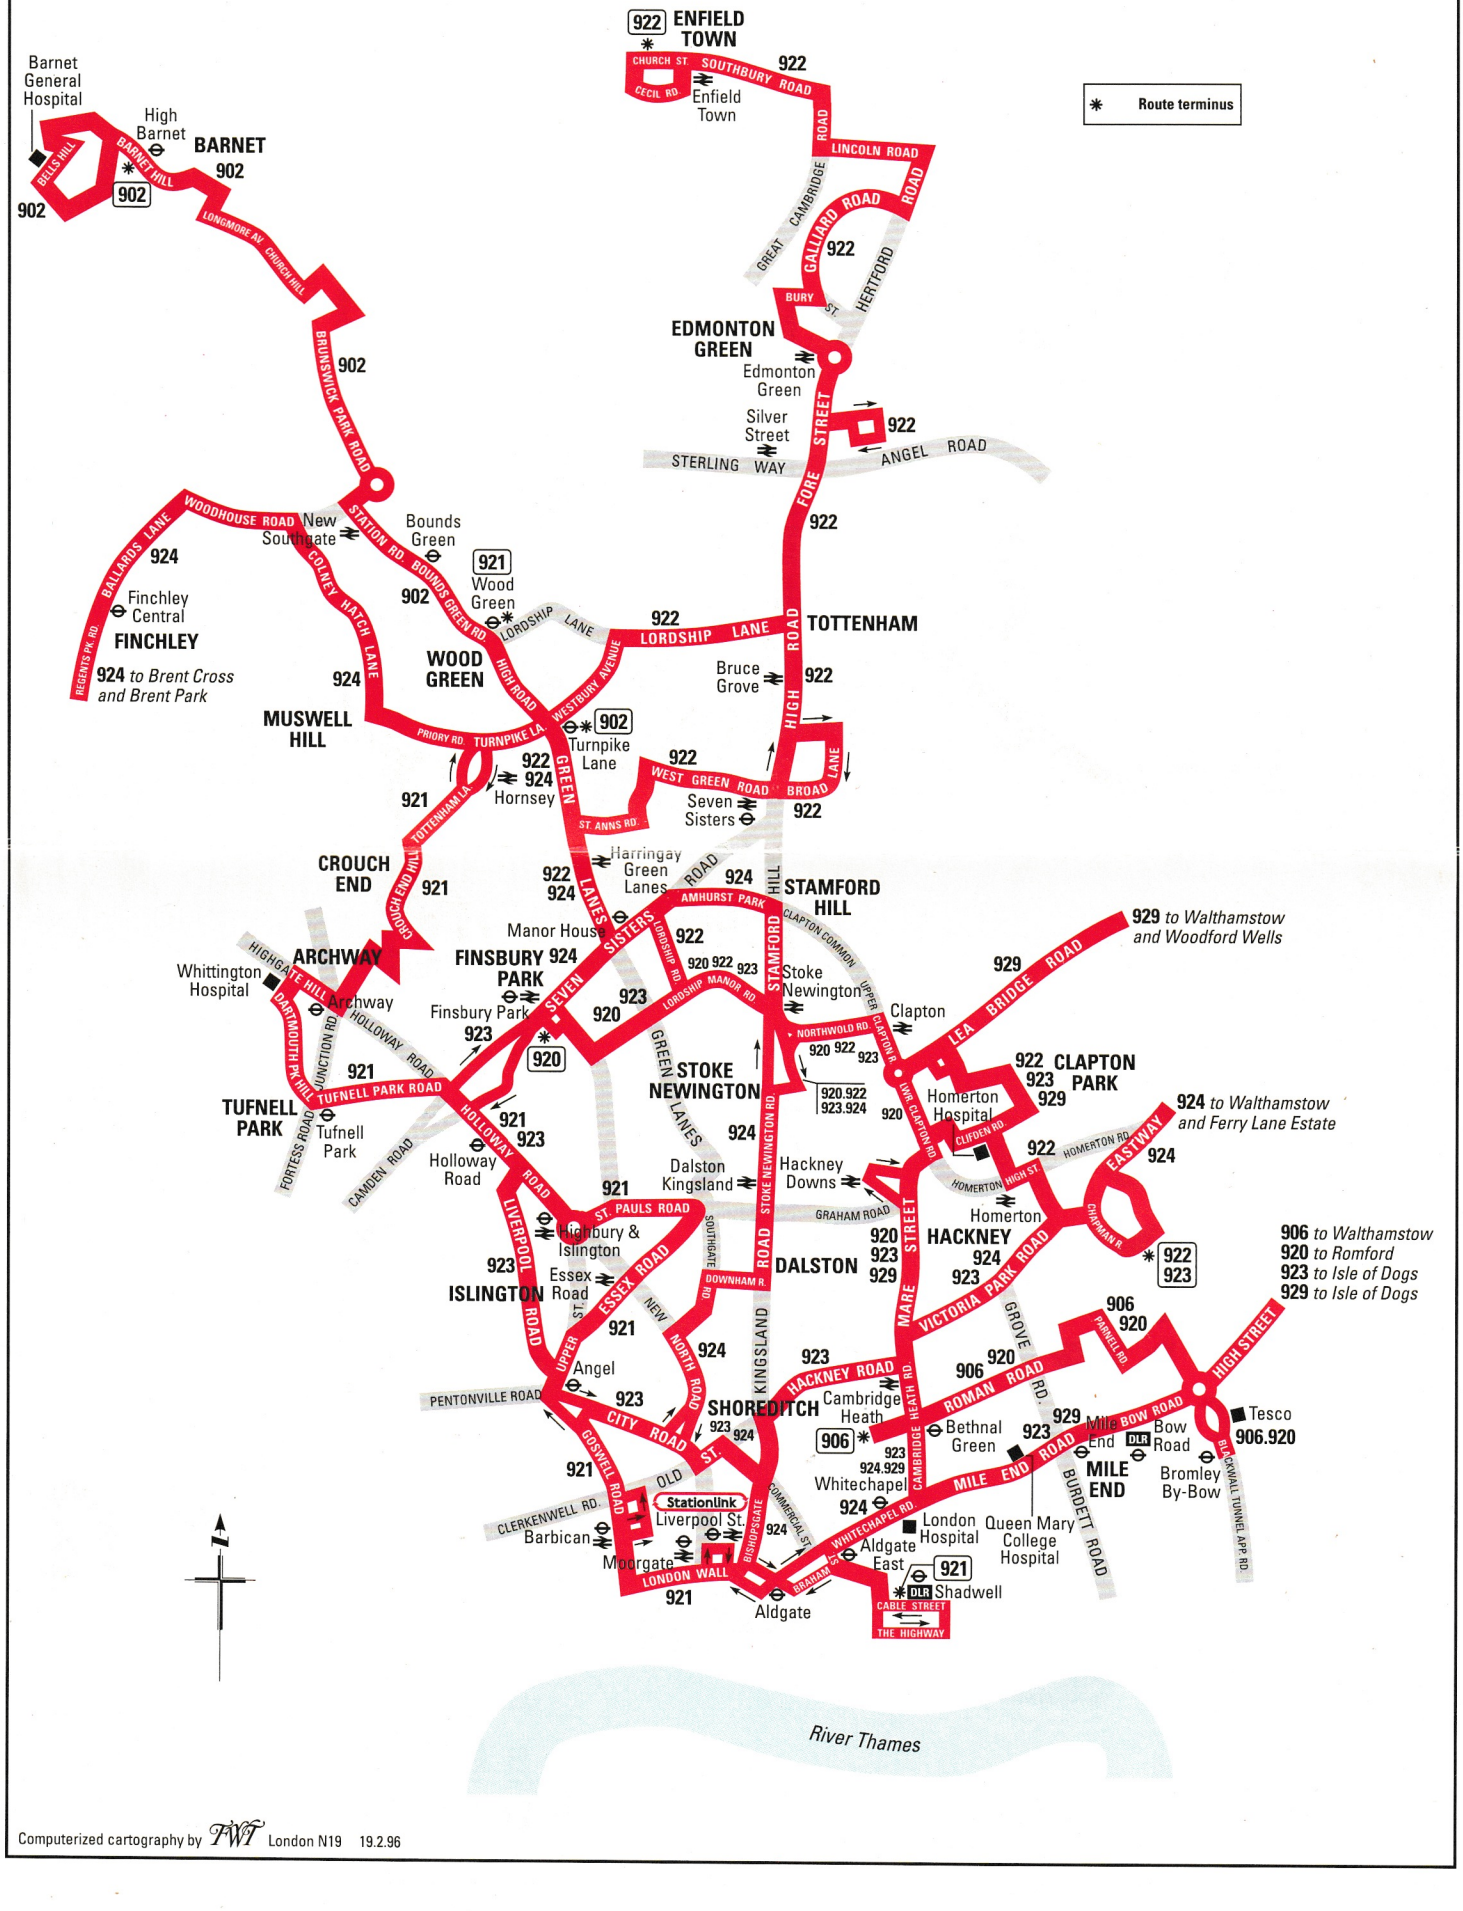
The Enfield Shopmobility scheme provides the free loan of manual and electric wheelchairs and powered scooters to anyone with a mobility problem who wants to use the facilities in Enfield Town.

This includes:

- **people, of any age, who are permanently or temporarily disabled**
- **elderly people**

As part of the Shopmobility scheme, the Enfield Town Shopping Centre is being made as wheelchair accessible as possible. For further information please call the centre on 0181 - 366 8081.

Mobility Buses in Barnet, Enfield, Hackney, Haringey and Islington



Computerized cartography by FWT London N19 19.2.96

The Unit for Disabled Passengers

Within London Transport, the Unit for Disabled Passengers focuses on the travel needs of elderly and disabled passengers and those who are travelling with children or heavy luggage.

It is associated with several bus services tailored to the needs of those passengers, all of which are accessible by wheelchair users:-

Mobility Buses

A London-wide range of services linking residential areas to shopping centres within and beyond the immediate locality.

Stationlink

A circular bus route connecting the major mainline rail termini in central London. At Victoria Coach Station and Euston it connects with .....

Airbus

Fast and frequent buses connecting all the Heathrow Airport termini with Central London.

Low-floor buses

Buses which 'kneel' at bus stops and provide easy access to disabled and encumbered passengers.

To explain these and other services including the Underground and Docklands Light Railway, a range of guides, maps and tapes is available from the Unit at the address given below. These publications include large print Central London bus and Underground maps together with a guide to the accessibility of all Underground stations.

Better access to London's Transport system
